

Butterfly Ball

FRIDAY, MAY 3, 2024

Peggy Notebaert Nature Museum // 2430 N Cannon Drive, Chicago, IL
6pm Cocktails // 8pm Dinner, Program, and Dancing

About the Butterfly Ball

- Supports the many educational, conservation, and sustainability initiatives of the Chicago Academy of Sciences / Peggy Notebaert Nature Museum.
- More than 600 civic and corporate leaders and their guests gather for the festivities on-site in the Nature Museum.
- Sponsorship goal is \$1.9 Million – our single largest fundraising event for the organization.
- The philanthropic investments received at the Butterfly Ball enable the Nature Museum to continue making tremendous impacts in the community by giving sustainability leaders the support to make substantial environmental impacts and Chicago's children unique educational experiences that delight and inspire.

Verbal recognition from event hosts	🦋			

Mission & Vision

Our mission is to create a positive relationship between people and nature through science, education, and experiences.

We believe that nature can and should be accessible to everyone.

We envision communities that, in everyday life, connect with, value, and embrace nature.

We will be a spark that ignites and fosters a sense of wonder for nature, an understanding of science, and desire to protect the natural world.

WE TEACH.

We do more hours of hands-on teaching (primarily in underserved schools) than any other museum in Chicago.

The sustainability projects we facilitate reach

ALL 50 WARDS
in Chicago.

In 2023, our biologists safely released over

**1,400 LOCAL
IMPERILED ANIMALS**

into the wild.
